

UEM Press Release

Nr 14/2010

Official Sponsor

PARKINGO INITIATIVE

UEM reached an agreement with the BE1 Racing Srl in order to promote the participation of young riders to the ParkinGo Series. This initiative is very important especially in this period of financial unrest like this one.

This agreement includes an offer for collaboration by the BE1 Racing Srl to the National motorcycling Federations and the different Team managers. They could enrol 2 riders and pay just for one, so that they will have to cover only the 50% of the entire amount.

Participating to the Challenge with registration, bike, tyres and so on will only cost Euro 15,000. This opportunity is limited to 2 riders' enrolment for each national federation. Great prizes are reserved to the winners and to the classified riders of the various rankings: the final, the under 20 and the over 35.

The winner of the final ranking will receive several prizes and will compete in the European Supersport Championship with the Daytona 675 at Albacete race next November. The Triumph Factory Team will train the winner for this competition through a proper test.

The winner of the Under 20 will do a test for racing in the UEM Superstock 600 as the Junior Team Triumph's rider and will achieve several prizes. For further details about the prizes, please check on www.parkingoseries.com.

Any further information about the Challenge, the organization remains at disposal at the following references: info@parkingoseries.com, tel. +39 0331073400.
